

## Platform Trim

Platform Trims compliment & define shower base edges between a U-Channel & Tile Risers. Creating a state of the art anodised or chrome aluminium finish, these trims provide an attractive secured platform base for both semi and frameless shower screen panels. A unique 270 degree connector is specifically designed to provide a quick, easy installation solution that prevents the need to mitre trims.

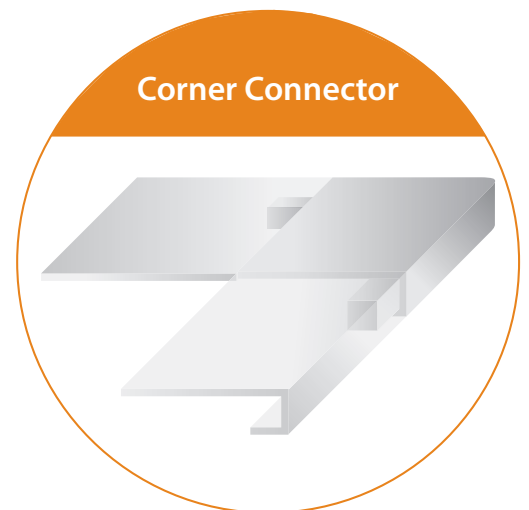

### General Benefits

- Rust Proof
- Stain Proof
- Water Proof
- Light weight
- Stylish Natural Anodised finish
- Creates a secured & stable base for the shower screen U-Channel to sit on.

### Corner Connector

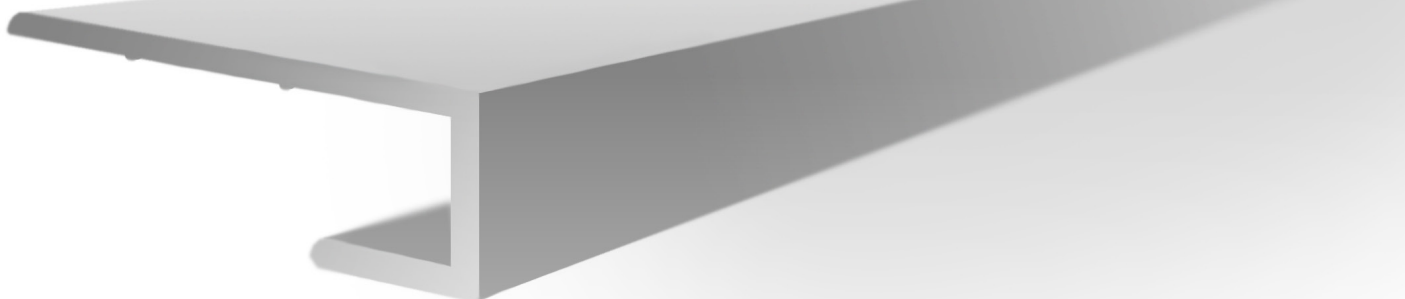

Easy clip on 270 degree Aluminium Corner connector.

*Available in Anodised finish.*

### Technical Benefits

- Non Corrosive
- Anodised Coating
- Protects & completes cut tiled edge
- Ultra thin profile that provides a slim line stylish finish

*Available in Natural Anodised finish.*
