

nero™

more choice than ever
with a range of optional
stainless steel cover plates!

DESIGNER
DRAIN

BENEFITS

The new NERO™ Designer Drain is unlike any other modern shower base drain. It strikes a balance between style and functionality without compromise.

The insert lid may be tiled to perfectly match the finish of the shower base. Alternatively, there's a range of stainless steel covers available in a variety of finishes.

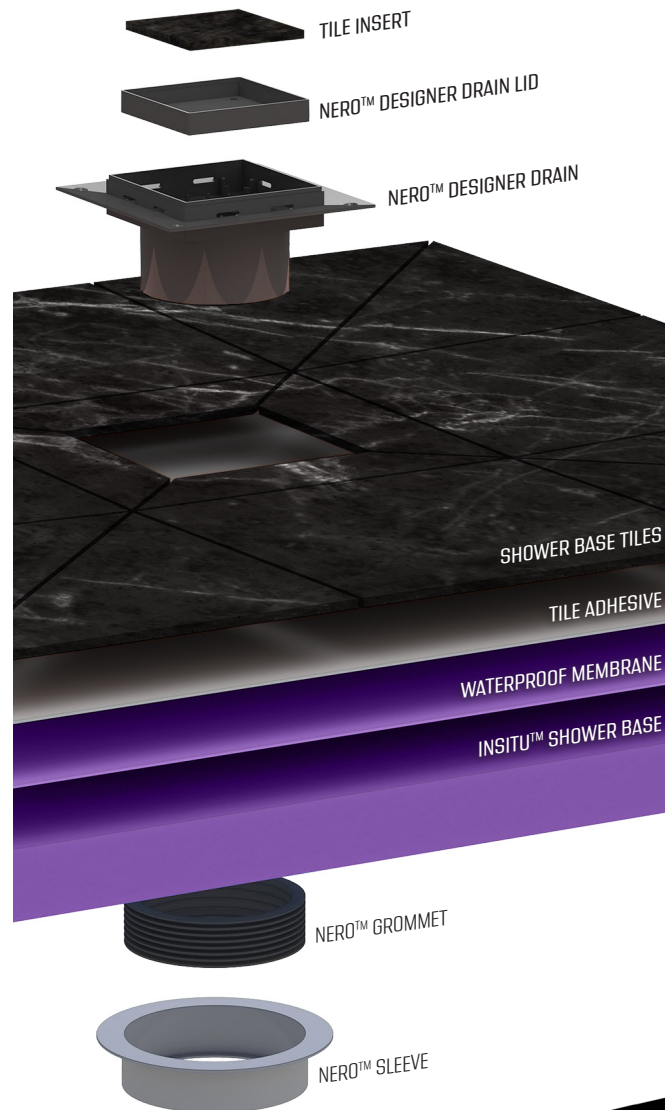

The new NERO™ Designer Drain has been specially engineered to work with the INSITU™ Shower Base and can be ordered together in kits. Sizes range from 900x900mm all the way up to 1000x2800mm.

FEATURES:

- Available in grey or black to suit any bathroom.
- Can be fitted to both new and existing showers.
- Easy access insert lid makes cleaning a breeze.
- Three way universal pipe system accommodates 50/88/100mm water pipes all in one.
- Proudly designed and manufactured in Australia.
- Moulded from industry approved plastics.
