TEMPORARY  
DOWNPIPE KIT

# TEMPORARY DOWN PIPE KIT

## BENEFITS

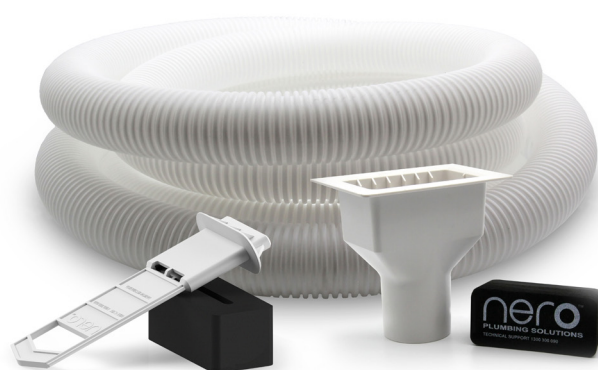

Your construction site will stay clean and dry with the NERO™ Temporary Down Pipe Kit! Available to suit single and double storey homes, the kit includes all necessary fittings.

### EVERYTHING INCLUDED:

- 1 x Down Pipe Adaptor.
- 1 x Flexi-Hose.
  - 5m for single or 10m for double storey.
- 2 x Rubber Plugs.
  - 1 x Solid Rubber Plug and 1 x Slotted Rubber Plug.
- 1 x Temporary Overflow Handle.
- 1 x Self Tapping Screw.
- 3 x Hose Ties.

### SIMPLE INSTALLATION:

- Push the Flexi-Hose firmly into the Down Pipe Adaptor until it locks in place.
- Place the Down Pipe Adaptor over an existing drain outlet (pop).
- Secure the Down Pipe Adaptor to the outlet using the Self Tapping Screw.
- Place the other end of the Flexi-Hose inside the storm water drain.
- Use the Rubber Plugs to block other outlets in the same gutter where necessary.
  - Do not install the Rubber Plug in the same outlet as the Temporary Down Pipe!
- Push the Temporary Overflow Handle into the Slotted Rubber Plug where necessary.

## ASSEMBLY
